

TOPIC OF THE MONTH

HOW LONG IT WILL TAKE

The healing process always takes time. Depending upon the individual, the time required will vary. Children typically respond very quickly, while adults with more advanced problems will need more time. Your healing will depend upon your unique case, history, age, health and attitude. Chiropractic care can be divided into three stages. Continuing through all phases ensures that you gain the maximum benefit Gonstead chiropractic has to offer.

22 Harley Street

LONDON, W1G 9PL
